Hon. Chris Buetler
Mayor
City of Lincoln
555 S. 10th St.
Lincoln, NE 68508

Dear Mayor Buetler:

As you may know, Time Warner Cable Inc. ("Time Warner Cable") is the managing parent of the Franchisee providing cable television service in your community. Time Warner Cable is a publicly-traded corporation, with approximately 84% of its common stock currently indirectly held by Time Warner Inc. ("TWX"), itself a publicly-traded corporation, with the remainder widely held by public shareholders.

On May 21, 2008, TWX and Time Warner Cable announced a plan to effect a complete separation of Time Warner Cable from TWX (the "Spin-Off"). The end result of the Spin-Off will be the divestiture by TWX of its entire ownership in Time Warner Cable either through (i) an exchange offer whereby TWX stockholders may exchange some or all of their shares of TWX common stock for shares of Time Warner Cable common stock or (ii) a dividend by TWX to its stockholders of the shares of Time Warner Cable common stock held by TWX, or some combination of these mechanisms. Upon completion of the Spin-Off, which we hope to occur before the end of this year, 100% of the common stock of Time Warner Cable will be publicly traded.

The Spin-Off will not affect the ownership interests held by Time Warner Cable in the Franchisee or any of its other direct or indirect subsidiaries or affiliates, and Time Warner Cable will retain management authority over the Franchisee in your community. The Spin-Off will not result in the assignment or transfer of any of the Franchisee's assets, including the franchise. Moreover, ultimate control of Time Warner Cable will rest with the same public shareholders both immediately before and after completion of the Spin-Off.

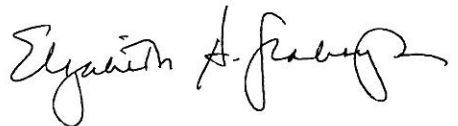

Based on all of the circumstances, we do not believe that the Spin-Off requires your approval. Nevertheless, if you would like to grant approval, we would appreciate the consideration and prompt adoption of the accompanying Resolution. We are also enclosing the required number of copies of FCC Form 394, which contains the information regarding the Spin-Off and Time Warner Cable, along with contact information if you should have additional questions.

I would like to assure you that this Spin-Off will have absolutely no impact on our cable system or its operations. In particular:

- There will be no transfer of the franchise, which will continue to be held by the current Franchisee.
- There will be no change in the local management and staff as a result of the Spin-Off.
- Time Warner Cable will continue to be solely and exclusively responsible for the day-to-day management and operation of the cable system.
- There will be no change in our commitment to provide our customers with the best variety and quality in entertainment and information services, all at competitive rates and with excellent customer care.
- This Spin-Off will have no impact on our business policies or practices.

Please do not hesitate to contact me at (402) 421-0376, beth.scarborough@twcable.com should you have any questions or if I can be of any assistance. We look forward to continuing our valued relationship with your community.

Sincerely,

EXHIBIT 1

On May 21, 2008, Time Warner Inc. ("TWX"), which currently indirectly holds approximately 84% of the common stock of Time Warner Cable Inc. ("Time Warner Cable") (representing a 90.6% voting interest), and Time Warner Cable announced that their respective boards of directors unanimously approved a plan to effect a complete structural separation of Time Warner Cable from TWX (the "Spin-Off"). TWX also indirectly owns 12.43% of the non-voting common stock of an indirect subsidiary of Time Warner Cable, TW NY Cable Holding Inc. ("TWNH").

The Spin-Off will be effected through a series of steps, as summarized below, to occur contemporaneously and sequentially:

- TWX will exchange its indirect 12.43% non-voting common stock interest in TWNY for 80 million newly-issued shares of Time Warner Cable Class A common stock.
- TWX will become the direct owner of all shares of Time Warner Cable Class A common stock and Time Warner Cable Class B common stock that were previously held indirectly by wholly-owned subsidiaries of TWX.
- Time Warner Cable's board of directors (or a committee thereof) will declare a special cash dividend to holders of outstanding Time Warner Cable Class A common stock and Time Warner Cable Class B common stock, in an amount equal to \$10.27 per share (the "Special Dividend"), payable immediately prior to completion of the Spin-Off. Time Warner Cable will incur debt to finance the Special Dividend in an aggregate amount of approximately \$9 billion.
- Each outstanding share of Time Warner Cable Class A common stock (which have one vote per share) and Time Warner Cable Class B common stock (which have ten votes per share) will be reclassified into one share of Time Warner Cable common stock, each with one vote per share.
- TWX will distribute its entire ownership in Time Warner Cable either through: (i) an exchange offer in which TWX's stockholders may exchange some or all of their shares of TWX common stock for shares of Time Warner Cable common stock held by TWX at a ratio to be determined; (ii) a *pro rata* dividend by TWX to its stockholders as of the Distribution Record Date of the shares of Time Warner Cable common stock held by TWX; or (iii) some combination of clause (i) and (ii).

The Spin-Off will not affect the ownership interests held by Time Warner Cable in any of its direct or indirect subsidiaries or affiliates, and Time Warner Cable will retain management authority over the entity holding the cable franchise in your community (the "Franchisee"). The Spin-Off will not change the structure or direct ownership of the Franchisee and will not result in the assignment or transfer of any of the Franchisee's assets, including the local cable franchise in your community.

Before and after charts illustrating the Spin-Off are attached for your convenience. An unredacted copy of the Agreement necessary in order to understand the terms of the Spin-Off is contained on a CD submitted with this Form 394.

EXHIBIT 2

The Spin-Off will not result in changes to the current terms and conditions of service and operations of the system, nor will it result in changes to local system personnel, who will continue to report to Time Warner Cable management as they do today. The Franchisee will comply with the terms and conditions of the franchise and applicable law.

EXHIBIT 3

The Spin-Off will not result in any change to the Franchisee, which will remain a subsidiary of Time Warner Cable. The Franchisee will remain duly qualified to transact business in the State or other jurisdiction in which the system operates.

EXHIBIT 4

To the best of our knowledge, there have been no instances where an application for consent to an assignment or transfer of a franchise involving the Transferee or any affiliate has been denied by final decision (and not superseded by subsequent action by the community) with the exception of the following:

In connection with FCC Form 394 filings relating to the Time Warner/Adelphia/Comcast transaction, the following communities ultimately elected to exercise a right of first refusal under their franchise to purchase the cable system in their community:

- a. Cornelius, North Carolina
- b. Davidson, North Carolina
- c. Mecklenburg County, North Carolina
- d. Mooresville, North Carolina

EXHIBIT 5

Except as set forth below, there have been no adverse findings made, or adverse final actions taken, against Time Warner Cable or its controlled subsidiaries or affiliates by any court or administrative body in a civil, criminal or administrative proceeding with respect to the matters listed in Section II, Question 5.

On September 26, 2007, a former employee of Time Warner Cable was granted summary judgment by the U.S. District Court for the Western District of Ohio on a claim of interference under the Family and Medical Leave Act ("FMLA") based on a claim that he suffered from eczema which did not allow him to work overtime. Time Warner Cable has appealed the jury's subsequent award of damages of \$56,617.50 in back pay (plus attorneys' fees), and oral argument before the U.S. Court of Appeals for the Sixth Circuit is scheduled for June 2008.

In April, 1997, Time Warner Entertainment Company, L.P. (the "Company"), a partnership controlled by Time Warner Cable, was found by a jury to have violated the Americans with Disabilities Act ("ADA") and the FMLA by failing to provide the plaintiff with both FMLA leave and reasonable accommodation under the ADA. The jury awarded the plaintiff \$32,000 in back pay and \$8,000 in compensatory damages, and the court ordered attorneys' fees and costs. The Company appealed and the 7th Circuit Court of Appeals upheld the decision on July 29, 1998.

EXHIBIT 6

There are no documents, instruments, agreements or understandings for the pledge of stock of the Transferee as security for loans or contractual performance.

EXHIBIT 7

The Spin-Off will not change Time Warner Cable's status as a publicly-traded company, and it will remain subject to all applicable SEC reporting requirements. Financial information for Time Warner Cable is included on the CD submitted with this Form 394.

The consolidated historical balance sheets, results of operations and sources and uses of funds statements, as well as full disclosure as required by both generally accepted accounting principles ("GAAP") and applicable securities laws for Time Warner Cable is included in SEC Form 10-K submitted by Time Warner Cable for the year ended December 31, 2007. Copies of Form 10-K for the year ended December 31, 2007 and Form 10-Q for the first quarter of 2008 for Time Warner Cable can be found on the enclosed CD.

EXHIBIT 8

Time Warner Cable is one of the largest and most experienced operators of cable television systems in the United States. As of December 31, 2007, Time Warner Cable served approximately 13.3 million basic video subscribers in 33 states. Time Warner Cable has invested billions of dollars in recent years to rebuild and upgrade its cable systems and related equipment. As a result, virtually all of Time Warner Cable's systems are two-way and provide video and advanced broadband services.

Time Warner Cable has significant experience operating large, technologically advanced cable systems. Most of Time Warner Cable's systems have been upgraded to at least 750 MHz. Time Warner Cable provides enhanced video services over almost all of its systems. These services include digital cable, video-on-demand ("VOD"), high-definition television ("HDTV") and digital video recorders. Time Warner Cable also offers advanced broadband services. In most of its systems, high-speed data (Internet) services are offered. Time Warner Cable has been a leader in the deployment of digital phone service, which was available as of December 31, 2007 to over 24 million of the homes passed by Time Warner Cable's systems.

Through a broadband infrastructure of coaxial and fiber-optic cables, Time Warner Cable typically makes available more than 250 channels of programming, including local broadcast television signals, locally produced or originated video programming, advertiser-supported cable programming networks (such as ESPN and CNN), premium programming services (such as HBO, Cinemax, and Showtime), HDTV service and VOD programming offering digital customers the opportunity to choose from hundreds of video titles.

Time Warner Cable has established an enviable track record in developing technology to expand entertainment information and communications options available on its cable systems. The significant achievements of the highly regarded staff of Time Warner Cable in areas of technical quality and innovation have been widely recognized and have been the basis for numerous awards.

Time Warner Cable is not only committed to giving its customers an array of entertainment and information choices, but also high quality customer service. Time Warner Cable representatives helped to develop the National Cable and Telecommunications Association customer service standards, and we strive to meet and exceed those standards.

Though all of Time Warner Cable's systems draw on the strength and expertise of its corporate staff, we recognize that providing a quality product and excellent customer service must be accomplished locally. The system serving your community will be managed by experienced and qualified personnel at the local level. The office and technical staff responsible for the management and operation of the franchise will continue to be employees of Time Warner Cable upon completion of the Spin-Off.

A complete discussion of the experience of Time Warner Cable can be found in its Form 10-K for the year ended December 31, 2007. A full copy of Form 10-K is included on the CD accompanying this filing.
